WEB DEVELOPER

Full Stack Developer with experience creating and maintaining web applications with a focus on JavaScript frameworks.

Proven ability to use modern practices to create responsive and interactive sites and applications.

EXPERIENCE

WEB DEVELOPER - SEPTEMBER 2017 - PRESENT
FREELANCE - Austin, TX
- Repaired issues causing site crashes, resulting in elevated uptime.
- Established hosting for each website and completed go-live process by uploading sites to host account.
- Tested all sites and applications prior to going live to alleviate bugs and troubleshoot issues.
- Analyzed solutions and coding fixes for software problems.
- Communicated highly technical concepts using easy to understand terminology.
- Built and applied reusable code to other projects to reduce development hours.
- Designed, built and maintained complete and modern websites

TECHNICAL SUPPORT ENGINEER, TIER III - MARCH 2018 - PRESENT
EDLIO - Austin, TX
- Delivered end-user training on content management systems allowing clients to make easy updates and maintenance to website without developer assistance.
- Transitioned legacy site to mobile-friendly platform.
- Collaborated with product and engineering team members to define and develop new or improved product concepts.
- Consulted via telephone to understand user problems, run DNS queries, code reviews and ask probing questions to locate root causes.
- Explained technology-related details in easy-to-understand terms to individuals from all walks of life and in various job positions.
- Resolved customer issues by establishing workarounds and solutions to debug and create defect fixes.
- Handled special web projects designated by director of client services and chief executive officer.
- Maintained strict adherence to Web Content Accessibility Guidelines (WCAG 2.0 Level AA)

SIGN LANGUAGE INTERPRETER - FEBRUARY 2014- JULY 2018
SORENSON - Austin, TX
- Delivered translation and customer service to Deaf and hard-of-hearing clients.
- Provided appropriate contextual information to increase clients understanding of translations.
- Interpreted conference calls and other workplace communications in real-time.
- Led all English/ASL interpreters in positive feedback from client surveys.
